Home Assistance Initative

A new initiative offering tailored financial support that will help National Seniors Australia Broadbeach members better manage the everyday costs and tasks that come with ageing.

When people settle into retirement, the type of support they need can vary widely - from help with home care, cooking, and ironing to shopping, transport, social activities and home delivered meals.

What makes the Broadbeach initiative stand out is that the branch further tops up this government support & members can nominate their own provider!

Members first need to register with My Aged Care, complete Government assessment and receive an ID Number.

Members can receive up to $30 per month.

Total amount | $330/year

HOW TO CLAIM

- Once registered with My Aged Care, members will need to provide a receipt for services delivered by an approved provider.
- Payments are made at the following months branch meeting, with receipts accepted only for the previous month.

This valuable support is made possible by our on-going partnership with Stockwells.

The November recipients of the Stockwell NSA home assistance of $30 reimbursement.
