# Who is National Seniors Australia?

## Over 40 years advocating for older Australians

National Seniors is a not-for-profit membership organisation and advocacy group that stays true to its roots by giving older Australians – working and retired – a strong national voice.

### Making a difference together

We have unrivalled access to policy-makers, world-class research and a strong member base. This allows us to tackle the key issues impacting older Australians.

As our list of advocacy wins show (see right), we are an organisation that punches well above its weight.

### A better Australia for everyone

Our members play a crucial role in helping us drive positive change for older Australians. In return, we provide real value through member discounts, exclusive benefits, and specialised products and services. We partner with a diverse range of organisations that share our values and commitment to helping older Australians enjoy later life.

## Top 5 advocacy wins

### Aged Care Royal Commission

We fought, and continue to fight, for urgent reforms to the aged care system.

### Deeming rates

We successfully lobbied for lower rates and a better deal for older Australians.

### Electricity prices

We pushed for regulated prices to protect vulnerable consumers.

### Home Care Packages

We helped secure additional packages so more older Australians can remain at home.

### Pension age

We fought against the proposal to increase the age to 70 – and won.
