HAPPY BIRTHDAY TO ALL MEMBERS BORN IN THE MONTH OF JULY

The two zodiac signs associated with the month of July are Cancer and Leo. People born from July 1st to July 22nd are members of the Cancer zodiac sign. A person born under Cancer can be identified by their emotional and intimate nature. For those born after July 22nd to July 31st, they are a part of the Leo zodiac sign. The Leo is one of the zodiac's most natural leaders, which may explain their desire to be the centre of attention.

Carols Corner Changing the World One story at a Time

For July, has the overkill of political correctness killed the opportunity for laughter.

How wonderful it is to see a lot the old humorous shows on television to remind us of a time when we were able to laugh at ourselves without being afraid of being sued for discrimination. When did our witty and clever humour deteriorate into political correctness? I am sure that many of us remember – and laugh as we do – at comments and actions in all sorts of situations which would land the actors in big trouble today! I even feel fairly worried that certain shows will now disappear, and with that, a lot of fun and laughter to remind us of more carefree days gone by. Those really breathtakingly bold episodes of women being chased; racist insults – children being spanked, and countless shocked laughs to be had. It is now quite sad, I feel, that "political correctness" and fingers on the "sue at all costs" button, are taking over from basic humour in so many ways. Today's humour can be quite hard to understand, even if it is so measured and clever!

Let us restore a balance, and give us big laughs again, particularly when our world in general is now quite a grim place, with disasters dominating our news. (Except for sport, of course, and that is wonderful for most.) Lily Tomlin put it beautifully – "Instead of working for the survival of the fittest, we should be working for the survival of the wittiest – and then we can all die laughing!"

Hope you enjoy this.

Carol.
