

Older people's experiences of cost of living increases: a snapshot from the 2023 NSA Social Survey

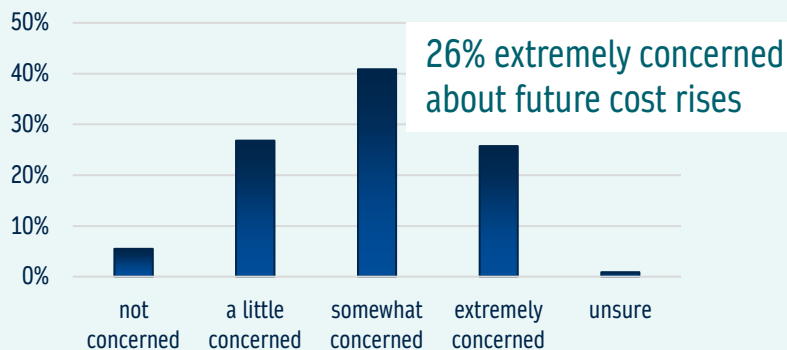

How have cost of living increases impacted your lifestyle? (n=5,778)

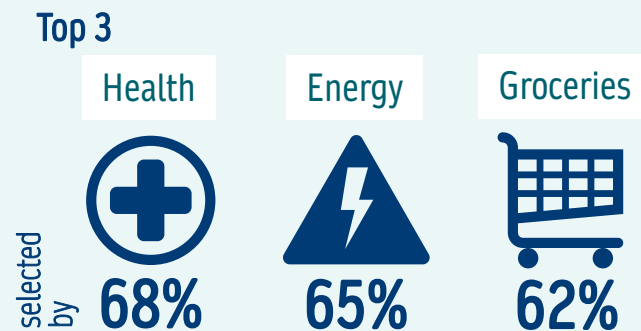

How concerned are you about your ability to afford suitable housing? (n=5,250)

In the longer term, how concerned are you about keeping up with the rising cost of living? (n=5,766)

Select up to three expenses that you are particularly concerned about if living costs continue increasing (n=5,600)

About the survey The 11th National Seniors Social Survey (NSSS-11) was open from 1-21 February 2023. Anyone aged 50 or over and residing in Australia was eligible to participate. The research was conducted by National Seniors with support from Challenger. For more information about the survey or to find research reports based on previous surveys, go to nationalseniors.com.au/research
