

Centenary Branch June 2025

FROM THE FRONT DESK

After months of planning, having enough numbers, not having enough numbers and eventually being given the green light to go ahead with just 22 (only 21 on the day) our trip to the Hunter Valley departed in dry conditions after a week of rain here. Down the coast road through Ballina, Grafton and on to Coffs Harbour where it started to rain – the evening news probably told you the rest. I'm very glad I wasn't a coach driver on Monday but how lucky were we after we got through every place on our agenda, seems like it was flooded in. All in all we had a wonderful trip and the rain did not stop us from enjoying all that was planned. Naturally our route home was altered and we travelled home via the New England highway, which, in fact, gave us a look at different countryside. The stress level for Allan must have been heart attack inducing on Wednesday night, but like the magnificent man in his flying machine, if you didn't know that wasn't the plan, you just wouldn't know.

As we expect our club to cease at the next AGM in August, on our last night we dressed in "sparkles", told jokes, and laughed so we could enjoy the last holiday with Centenary National Seniors in a blaze of glory instead of gloom. Thank you Allan
