Auswide Bank launches new Money Manager bank account with National Seniors Australia

Auswide Bank's partnership with National Seniors Australia has expanded to include the new Money Manager account, exclusive to National Seniors.

The Money Manager offers a competitive interest rate like a savings account with all the features of a transaction account, including Visa Debit Card, cheque book as well as internet and phone banking. With a National Seniors Money Manager account, National Seniors members can enjoy a competitive variable[^] interest rate paid on every dollar, no monthly fees and the flexibility to easily access their money anytime and anywhere.

The National Seniors Money Manager is the second product issued in partnership between Auswide Bank and National Seniors Australia, and follows the National Seniors Term Deposit which launched in 2019.

National Seniors General Manager, Chris Grice, says "With the continued rise in living costs, older Australians need opportunities to continue to grow their retirement income. We have listened and expanded our range of banking services, to include an 'at call' bank account. The National Seniors Money Manager account offers competitive interest rates, the flexibility to access anytime, including, via Auswide bank branches and Australia Post branches, all secured by the Australian Government's deposit guarantee. This product compliments our highly successful Term Deposit product, which offers a competitive interest rate, and certainty of income on deposit maturity."

Damian Hearne, Auswide Bank's Chief Customer Officer said expanding the partnership with National Seniors Australia is integral to providing older Australians with a range of product options that offer real value as they look forward to retirement or want to get the most from their savings while in retirement.

"A core part of our values is to empower our customers, and a simple way for us to do that is to support them with quality products that have their needs first and foremost. Older Australians represent a large portion of the community and our customer base so providing additional value through the introduction of the Money Manager account is just another way we intend to continue building upon our strong partnership with National Seniors".
