

ANNUAL GENERAL MEETING

Tuesday, August 27, 2019

Today, marks the end of the National Seniors Wyong Branch 22nd year since its incorporation in 1997. There have been eleven Presidents in this period who have voluntarily given their time to ensure the continued success of the Branch. We have also been privileged to have many volunteers who have been very active in supporting the various activities of the Branch. Thank you for all your efforts.

We approach our AGM to-day with excellent memories of the past year and full reports of our achievements by the Committee. The administrative, financial and social aspects of our organisation have been extremely well handled by those involved, and in some cases not enjoying the best of health. I am personally grateful for your commitments.

Where to from here. We need urgently some new faces on our Committee. Please consider the future of this Branch and give some of your time to being part of the organisation. When nominations are called for various positions to-day I ask you to seriously consider nominating. Rest assured that there will be past Committee members available to assist you in the various roles.

Kevin Leslie

President
